

# WIZARD MAGIC

**Pens That Change Colour.  
Pens That Erase Colour.**

**YOU TOO CAN BE AN ARTIST!**

**It's as simple as following these three easy steps:  
1. Drawing Lines, 2. Writing Words, 3. Shading**

## **MAGIC PEN**

For secret messages - Write a word with the white pen.  
Shade with brown or any other colour and the secret word will appear.

For Birthday Greeting or any other special occasion:  
Draw consecutive lines with various colours and write the word "Happy" with the white pen.

Below the word "Happy" write the word "Birthday" with black and yellow pen, then stroke thick and thin lines across the word "Birthday" to create a unique effect.

Note: To draw thick lines: Slant pen 45'  
To draw thin lines: Hold pen upright

## **ERASER PEN**

Shade an area with blue, green or other colour from the eraser set and write over with white pen. (The white pen erases colour back to colour of paper underneath).

Shade with blue, green or other colour. Draw a Christmas tree, Moon, Merry Christmas, Snow with the white pen.

Shade an area in blue, colour over with pink and cover pink with green.

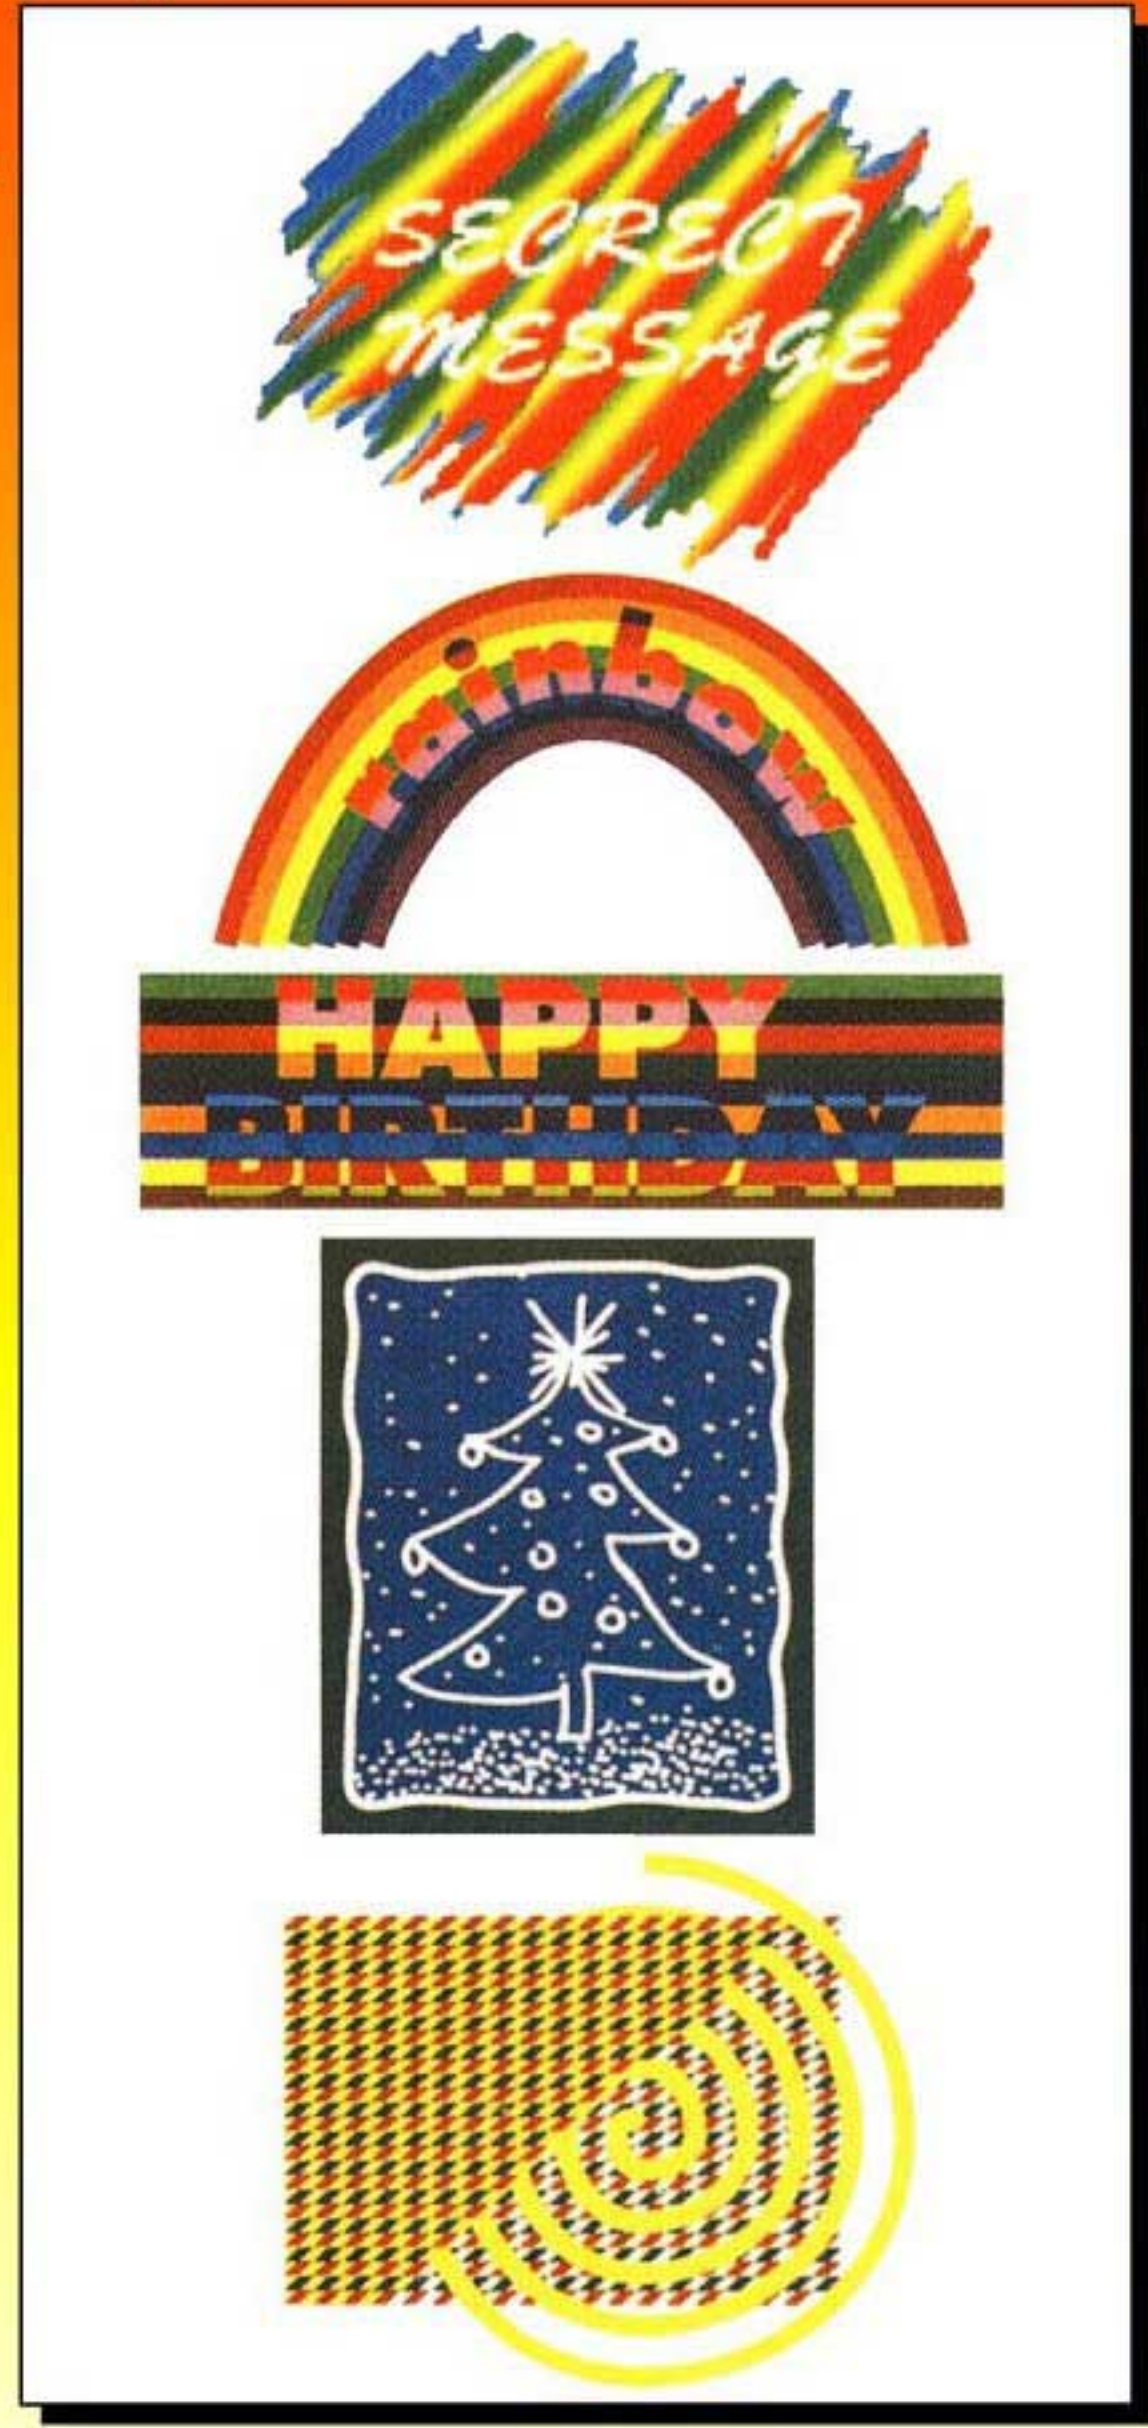

Brighten drawing with final coat of yellow over complete picture

## **COMBINATION OF MAGIC & ERASER PEN**

Draw alternate horizontal lines with yellow (magic) and green/blue (Eraser) or combination from each set.

Draw slanting lines (45') with white pen across the horizontal lines to create a 3-dimensional effect.

Draw spiral (continuous circle) with white pen to create an interesting pattern.
